

Mission Statement

Customer driven

As a privately-owned business, our focus is solely on our customer - without the distraction of how the stock market is doing.

Accountability

We take responsibility for our efforts and promote a sense of urgency in all interactions. We believe in being held to the highest standard.

Heritage

Midwest Dental is committed to continuing the family-oriented traditions of the company started by Matt and Karen LeVasseur in 1988. These include loyalty to the customer, teamwork and a personal approach.

Excellence

We achieve excellence by providing our customers with innovative solutions and versatility, along with the best people and spirited teamwork.

Respect

We place value on the time, opinions and needs of our customers, our employees, our families and our company. We follow the Golden Rule: "Do unto others as you would have them do unto you."

Midwest Dental is honored to provide:

- Honesty
- Integrity
- Teamwork
- Commitment
- And last, but not least . . .

*Best people,
best prices!*
